OVERVIEW

Versatile programmable handheld remote provides single-room IR control – TV, A/V components, cable and satellite boxes. It is ideal for home theater installations and A/V control in kitchens and bedrooms. When used with a compatible Complete Control base station, it controls A/V components through walls and cabinet doors, even from outside - no need to point the remote or be in the same room.

- Handheld remote with brilliant 2.4" color LCD – displays up to eight buttons per screen
- Ergonomic design with backlit hard button keypad and on-board speaker
- Delivers single-room, one-way control of IR devices
- Controls A/V through walls and cabinet doors, from outside
- Lithium-ion rechargeable battery with tabletop charging cradle
- MX-990i features 433 MHz frequency for international and highly-populated markets

HIGHLIGHTS

Custom Interface  Custom user interface with font library allows dealer to create custom icons, layouts, themes, backgrounds and sounds
Pickup Sensor  Wakes up when lifted, preserves battery charge
Timers  Event and Sleep Timers for automated event scheduling
