

**IR/RF Text-Based Remote Control – Waterproof and Weather-Resistant**

**OVERVIEW**

Waterproof, weather-resistant handheld remote is ideal for kitchen, pool, bar and outdoor areas. This text-based remote delivers single-zone IR control – TV, A/V components, cable and satellite boxes. It features an easy-to-read LCD screen and backlit hard button keypad. The screen displays custom-programmed labels for six adjacent buttons. When used with a compatible Complete Control base station, the MXW-920 controls integrated A/V components through walls and doors. There is no need to point the remote at the components or even be in the same room or zone.

- Waterproof, weather-resistant remote – ideal for kitchen, pool, bar and outdoor areas
- Text-based LCD displays on-screen labels for adjacent buttons
- Button labels change to correspond with current activity – watch TV, play music
- Ergonomic design with backlit hard button keypad and intuitive button layout
- Delivers single-zone, one-way control of IR devices
- MXW-920i features 433 MHz frequency for international and highly-populated markets
